but got -terribly tired shopping and Friday night went to The Central High to Robin-hood -given by The dramatic Club. it was excellent. The scenery costumes and every thing was fine

Have you sent any Christmas cards? We are planning on you sending them from home we will have them ready.

We expect to go down for you Friday unless something unusual happens. We will probably go down in the morning and be around W.B. and then go to the school for you around 9:30. unless you let us know differently.

If anything happens will I be able to phone Miss Foster so that you can come some other way? When I spoke of Christmas cards I mean the ones to whom you usually send them

We had the veterinarian today to sew up the horse's leg where another one had kicked it. I did not go out to see it but guess it is bad from what they say. Will say good night. Mother
